

DUX ALWAYS HOT CONTINUOUS FLOW CONDENSING AND NON-CONDENSING ACCESSORIES SUITS 17L, 21L AND 26L MODELS

CONTROLLERS

Advanced controllers allowing you to select the hot water temperature you prefer – it's a convenient addition as well as being a welcome safety feature for families. These controllers can be used on all Dux Always Hot continuous flow water heaters.

MAIN CONTROLLER
RCM1D (15m Cable included)

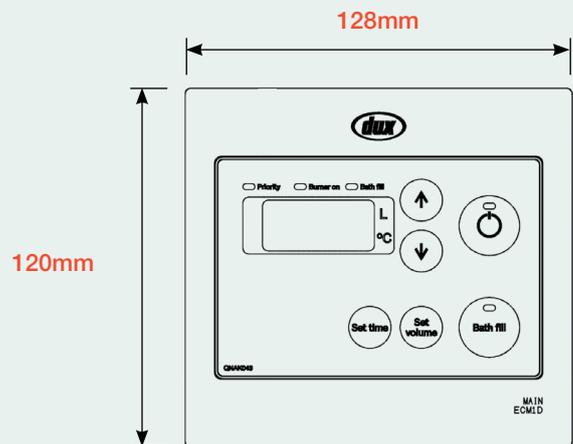

BATHROOM CONTROLLER
RCB1D (15m Cable included)

BATHROOM 2 CONTROLLER
RCB2D (15m Cable included)

PRODUCT BENEFITS:

- Convenient 'Bath Fill' function
- Auto-stop water outlet volume (40L-650L)
- Convenient – select the temperature of your hot water.

Note: Refer to Installation Manual on which combination of controllers work together.

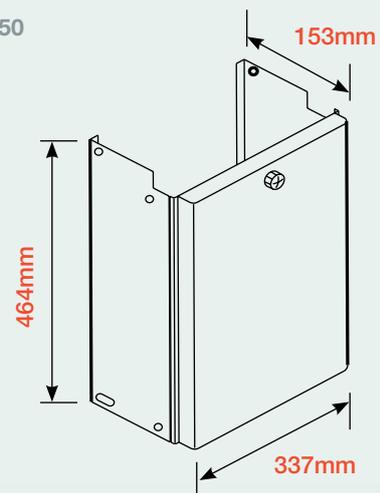

PIPE COVER

PRODUCT BENEFITS:

- Pipe covers conceal pipes and valves for a nice, tidy finish on the water heater
- Pipe covers are supplied in the same colour as the continuous flow water heater
- Can be used with 17L, 21L & 26L Dux Always Hot continuous flow water models.

CF-H33-K450

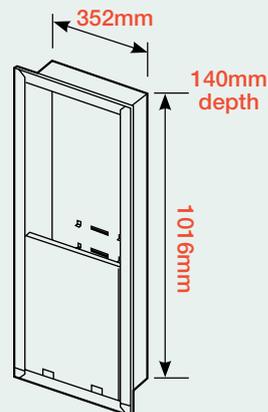

RECESS BOX

PRODUCT BENEFITS:

- Allows the water heater to be installed recessed into the wall, providing a flush finish when installed
- Can be used on Dux Always Hot continuous flow water heaters.

RBM6 (half cover)
RBM6C (full cover)

Note:
Dimensions above show the cut-out dimensions only.

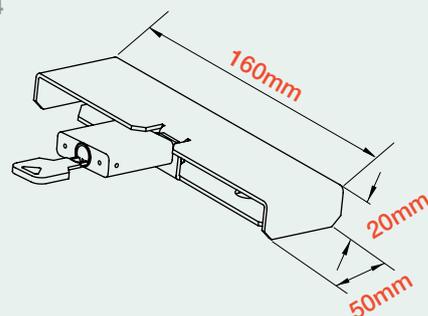

ANTI THEFT BRACKET

PRODUCT BENEFITS:

- Secures your Dux Always Hot Water heater from theft
- A bracket fits over the water heaters pipes, preventing the unit from being removed from the wall without irreparable damage. Requires a Padlock (included).

H1224

FLUE DIVERTERS

PRODUCT BENEFITS:

- Manufactured from durable stainless steel
- Designed to divert exhaust in a sideways direction away from windows, doors, fences, trees or other structures. Does not reduce clearances to obstructions as per AS5601
- Allows the water heater to operate efficiently ensuring the exhaust is not being obstructed.
